Attached please find accounts for the year ended 31 March 2018.

As forecast last year our income is down and our expenses are up; hence the deficit for the year of £2637.

I don't propose to go through the figures, as they speak for themselves, but would be happy to answer any questions you send me.

The good news is that the above deficit has been totally offset by an old creditor no longer being required and a grant of £1000 being received.

Sorry I will not be at the AGM .
